* Maintenance days are tentative and subject to weather conditions at the time. We have also set aside four Mondays during the season to stay closed until 9 am for minor maintenance. These days are scheduled for April 26, May 31, July 12 and August 9. On these days we may aerate tees, verticut and topdress greens, or possibly do some extra maintenance. These procedures usually have little or no adverse effect on play but do allow our grounds crew time to get their jobs done without interruption.
